## My Recent Work

Here are a few design projects I've worked on recently.  
Want to see more?

[Email me](#)

[See more on Github](#)

I'm proud to have collaborated with some  
awesome companies:

## My Startup Projects

I'm a bit of a digital product junky. Over the years, I've used hundreds of web and mobile apps in different industries and verticals. Eventually, I decided that it would be a fun challenge to try designing and building my own.

Next level plug and play chassis systems for custom do-it-yourself lightsaber builds.

[In development](#)

Simple feedback and engagement tools for teams that want to build and ship winning products.

[In development](#)

A powerful, easy-to-configure form backend for designers and developers. No coding required.

[www.usebasin.com](http://www.usebasin.com)

Beautifully simple websites for independent distributors of Young Living Essential Oils.

[www.ylbuilders.com](http://www.ylbuilders.com)

A collaborative tool for creating simple, effective user personas for design projects.

[www.userforge.com](http://www.userforge.com)

A space and member management solution for coworking communities both big and small.

[Shutdown in 2017](#)

## Interested in collaborating or investing?

I'm always open to discussing product design work or partnership opportunities.

## Testimonials

People I've worked with have said some nice things...

"Matt was a real pleasure to work with and we look forward to working with him again. He's definitely the kind of designer you can trust with a project from start to finish."

**Pascal Tremblay**

Creative Lead, Good Kind

"Matt's a clear communicator with the tenacity and confidence to really dig in to tricky design scenarios and the collaborative friction that's needed to produce excellent work."

**Alvin Engler**

Sr. Systems Developer, Domain7

**Start a project**

Interested in working together? We should queue up a chat. I'll buy the coffee.

[Let's do this](#)

Living, learning, & leveling up  
one day at a time.
